ALEXANDAR **UKPONG ASIDO**

FRONTEND & REACT-NATIVE DEVELOPER

+270726816922 | alexandaras2015@gmail.com | Asido's Portfolio

Professional Profile

Results-driven Frontend and Mobile Developer with 2+ years of expertise in React Native and web technologies. Specialized in creating cross-platform mobile applications with a focus on fintech, healthcare, and e-commerce solutions. Proven track record of delivering high-quality applications on both iOS and Google Play stores. Proficient in modern frontend technologies including React, Next.js, TypeScript, and state management with Redux Toolkit. Strong emphasis on creating intuitive user experiences through responsive design, clean architecture, and efficient API integrations. Experienced in implementing secure authentication, payment gateways, and real-time data synchronization.

Technical Skills & Tools

Languages: TypeScript, JavaScript, HTML5, CSS3
Frameworks: React, Next.js, React Native, Expo
UI/UX: Tailwind CSS, Formik, Reanimated, Redux
Dev Tools: Git, GitHub, Firebase, REST APIs
Soft Skills: Problem Solving, Team Collaboration

Professional Experience

Nolt Finance
Remote
CONSULTANT MOBILE DEVELOPER
May 2025 - Present

- Integrated Doja biometric verification and Paystack payments with 99.9% transaction success rate
- Implemented loan management features with React Native, achieving 99% test coverage
- Optimized app performance resulting in 40% faster load times and 25% lower memory usage
- Led TypeScript migration and developed reusable components, reducing bugs by 40%

Transweeft
Remote
MOBILE APP DEVELOPER
Apr. 2025 - May 2025

- Enhanced cross-platform mobile applications reducing crash rate by 75%
- Implemented API integrations with caching, improving response time by 60%
- Optimized app bundle size by 35% through code splitting and lazy loading
- Achieved 90% test coverage and 98% design accuracy in UI implementation

B-Cloud Technologies
Remote
FRONT-END MOBILE DEVELOPER
Mar. 2024 - Mar. 2025

- Led development of HIPAA-compliant EHR System for 10,000+ patients
- Built custom form components and offline sync with 99.9% success rate
- Optimized app performance achieving 98% faster load times
- Implemented WebSocket updates reducing data latency by 80%

EarlyCode
Nigeria
FRONTEND DEVELOPER
May 2023 - Feb. 2024

- Developed SkyCart e-commerce app handling 100K+ monthly transactions
- Reduced loading time by 65% through optimization techniques
- Implemented offline-first architecture improving user retention by 40%
- Developed CI/CD pipeline and analytics increasing engagement by 35%

Education

University of Calabar *Nigeria*
BACHELOR OF ARTS IN HISTORY *2014*

Early Code *Nigeria*
ANDROID AND IOS DEVELOPMENT *2023*

- Mastered React Native and cross-platform mobile development
- Completed hands-on projects including e-commerce and health record apps

Early Code *Nigeria*
WEB DEVELOPMENT IN REACT AND NEXT.JS *2022*

- Learned modern frontend development with React and Next.js
- Built responsive web applications with focus on user experience

Featured Projects

React Native Mobile Application
NOLT FINANCE APP

- Developed fintech app with biometric verification and loan management system
- Integrated Paystack payment gateway with 99.9% transaction success rate
- Built reusable Formik components, published on App Store & Play Store

Cross-platform Sports App
TIPNGOAL

- Developed React Native sports app with real-time scores and predictions
- Implemented secure user authentication and WebSocket integration
- Created companion website with Framer Motion animations

Mobile Application
KREADOS E-COMMERCE

- Built e-commerce platform with React Native and Firebase integration
- Designed responsive UI with NativeWind and custom animations
- Implemented Redux state management with optimized performance

Professional Development

Early Code Nigeria
CROSS-PLATFORM DEVELOPMENT *2022 - 2023*

- Completed intensive training in React Native for mobile development and React/Next.js for web development
- Built production-ready applications including e-commerce and healthcare solutions
