

ALEXANDAR UKPONG ASIDO

FRONTEND & REACT-NATIVE DEVELOPER

☎ +234 8103717215 ✉ alexandaras2015@gmail.com 🏠 Asido's Portfolio

Professional Profile

Results-driven Frontend and Mobile Developer with 3+ years of expertise in React Native and web technologies. Specialized in creating cross-platform mobile applications with a focus on fintech, healthcare, and e-commerce solutions. Proven track record of delivering high-quality applications on both iOS and Google Play stores. Proficient in modern frontend technologies including React, Next.js, TypeScript, and state management with Redux Toolkit. Strong emphasis on creating intuitive user experiences through responsive design, clean architecture, and efficient API integrations. Experienced in implementing secure authentication, payment gateways, and real-time data synchronization.

Technical Skills & Tools

Languages: TypeScript, JavaScript, HTML5, CSS3

Frameworks: React, Next.js, React Native, Expo

UI/UX: Tailwind CSS, Formik, Reanimated, Redux

Dev Tools: Git, GitHub, Firebase, REST APIs

Soft Skills: Problem Solving, Team Collaboration

Professional Experience

TipNGoal

FRONT-END MOBILE & WEB DEVELOPER

Nigeria

Jan 2025 - Present

- Developed and maintained the Tipngoal mobile application using React Native (Expo) and the web platform using React and Next.js.
- Built responsive, production-ready user interfaces from UI/UX designs, ensuring a consistent experience across Android, iOS, and the web.
- Integrated RESTful API endpoints to power authentication, football fixtures, live scores, predictions, news, player profiles, and other dynamic features.
- Implemented push notifications using OneSignal, Expo Notifications, and Firebase to improve user engagement and deliver real-time football updates.
- Managed end-to-end frontend development, including backend integration, testing, deployment, and ongoing feature enhancements.

Nolt Finance

CONSULTANT MOBILE DEVELOPER

Remote

May 2025 - June 2026

- Integrated Doja biometric verification and Paystack payments with 99.9% transaction success rate
- Implemented loan management features with React Native, achieving 99% test coverage
- Optimized app performance resulting in 40% faster load times and 25% lower memory usage
- Led TypeScript migration and developed reusable components, reducing bugs by 40%

B-Cloud Technologies

FRONT-END MOBILE DEVELOPER

Remote

Mar. 2024 - Mar. 2025

- Led development of HIPAA-compliant EHR System for 10,000+ patients
- Built custom form components and offline sync with 99.9% success rate
- Optimized app performance achieving 98% faster load times
- Implemented WebSocket updates reducing data latency by 80%.

Education

Techrity

MOBILE APPLICATION DEVELOPMENT

Nigeria
2025

Early Code

ANDROID AND IOS DEVELOPMENT

Nigeria
2023

- Mastered React Native and cross-platform mobile development
- Completed hands-on projects including e-commerce and health record apps

Early Code

WEB DEVELOPMENT IN REACT AND NEXT.JS

Nigeria
2022

- Learned modern frontend development with React and Next.js
- Built responsive web applications with focus on user experience

University of Calabar

BACHELOR OF ARTS IN HISTORY

Nigeria
2014

Featured Projects

React Native Mobile Application

NOLT FINANCE APP

- Developed fintech app with biometric verification and loan management system
- Integrated Paystack payment gateway with 99.9% transaction success rate
- Built reusable Formik components, published on App Store & Play Store

Cross-platform Sports App

TIPNGOAL

- Developed React Native sports app with real-time scores and predictions
- Implemented secure user authentication and WebSocket integration
- Created companion website with Framer Motion animations

Mobile Application

KREADOS E-COMMERCE

- Built e-commerce platform with React Native and Firebase integration
- Designed responsive UI with NativeWind and custom animations
- Implemented Redux state management with optimized performance

Professional Development

Early Code Nigeria

CROSS-PLATFORM DEVELOPMENT

2022 - 2023

- Completed intensive training in React Native for mobile development and React/Next.js for web development
- Built production-ready applications including e-commerce and healthcare solutions
